**PRODUCT DATA SHEET**  
**TEXAN CRUDE COAL TAR DICRESOL**  
**M50 Grade**

<b>Technical Index</b>	<b>Contact Requests</b>	<b>Actual data</b>
Appearance	Transparent oily liquid. Yellowish to light brown color	Transparent oily liquid. Yellowish color
Content of metacresol, %	No less than 50.0	50.13
Content of paracresol, %	No less than 22.0	30.22
Content of orthocresol, %	No more than 2.0	1.42
Content of phenol, %	No more than 2.0	0.22
Content of pyridine bases, %	No more than 0.3	0.10
Content of water, %	No more than 0.5	0.30
Content of neutral oils, %	No more than 0.3	0.10

**Note:** The chromatographic content of Texan Crude Coal Tar Dicresol, immersed in a container is:

<b>Chemical compound</b>	<b>Content (%)</b>
Phenol	0.22%
o-cresol	1.41%
p-cresol	30.12%
m-cresol	50.26%
Xylenols	15.77%
Unidentified components	2.22%

**Packing:** In bulk (iso-tanks) or in drums, 200 KG drums.
